RFC 1730 (draft-ietf-imap-imap4)	Internet Message Access Protocol - Version 4	1994-12	RFC 1730 (Proposed Standard) Obsoleted by RFC 2060 , RFC 2061																																																																																																																																																																																																															
RFC 1731 (draft-ietf-imap-auth)	IMAP4 Authentication Mechanisms	1994-12	RFC 1731 (Proposed Standard)	Chris Ne																																																																																																																																																																																																														
RFC 1732 (draft-ietf-imap-compat)	IMAP4 Compatibility with IMAP2 and IMAP2bis	1994-12	RFC 1732 (Informational)																																																																																																																																																																																																															
RFC 1733 (draft-ietf-imap-model)	Distributed Electronic Mail Models in IMAP4	1994-12	RFC 1733 (Informational)																																																																																																																																																																																																															
RFC 2060 (draft-crispin-imap-base)	Internet Message Access Protocol - Version 4rev1	1996-12	RFC 2060 (Proposed Standard) Obsoleted by RFC 3501 Errata																																																																																																																																																																																																															
RFC 2061 (draft-crispin-imap-compat)	IMAP4 Compatibility with IMAP2bis	1996-12	RFC 2061 (Informational)																																																																																																																																																																																																															
RFC 2062 (draft-crispin-imap-obsolete)	Internet Message Access Protocol - Obsolete Syntax	1996-12	RFC 2062 (Informational)																																																																																																																																																																																																															
RFC 2086 (draft-myers-imap-acl)	IMAP4 ACL extension	1997-01	RFC 2086 (Proposed Standard) Obsoleted by RFC 4314																																																																																																																																																																																																															
RFC 2087 (draft-myers-imap-quota)	IMAP4 QUOTA extension	1997-01	RFC 2087 (Proposed Standard)																																																																																																																																																																																																															
RFC 2088 (draft-myers-imap-literal)	IMAP4 non-synchronizing literals	1997-01	RFC 2088 (Proposed Standard) Updated by RFC 4466																																																																																																																																																																																																															
RFC 2095 (draft-klensin-cram)	IMAP/POP AUTHorize Extension for Simple Challenge/Response	1997-01	RFC 2095 (Proposed Standard) Obsoleted by RFC 2195																																																																																																																																																																																																															
RFC 2177 (draft-leiba-imap-idle)	IMAP4 IDLE command	1997-06	RFC 2177 (Proposed Standard)																																																																																																																																																																																																															
RFC 2180 (draft-gahns-imap-practice)	IMAP4 Multi-Accessed Mailbox Practice	1997-07	RFC 2180 (Informational)																																																																																																																																																																																																															
RFC 2192 (draft-newman-url-imap)	IMAP URL Scheme	1997-09	RFC 2192 (Proposed Standard) Obsoleted by RFC 5092 Errata																																																																																																																																																																																																															
RFC 2193 (draft-gahns-imap-mailbox-referral)	IMAP4 Mailbox Referrals	1997-09	RFC 2193 (Proposed Standard)																																																																																																																																																																																																															
RFC 2195	IMAP/POP AUTHorize Extension for Simple Challenge/Response	1997-09	RFC 2195 (Proposed Standard)																																																																																																																																																																																																															
RFC 2221 (draft-gahns-imap-login-referrals)	IMAP4 Login Referrals	1997-10	RFC 2221 (Proposed Standard)																																																																																																																																																																																																															
RFC 2342 (draft-gahns-imap-namespace)	IMAP4 Namespace	1998-05	RFC 2342 (Proposed Standard) Updated by RFC 4466																																																																																																																																																																																																															
RFC 2359 (draft-myers-imap-optimize)	IMAP4 UIDPLUS extension	1998-06	RFC 2359 (Proposed Standard) Obsoleted by RFC 4315																																																																																																																																																																																																															
RFC 2595 (draft-newman-tls-imappop)	Using TLS with IMAP, POP3 and ACAP	1999-06	RFC 2595 (Proposed Standard) Updated by RFC 4616 Errata																																																																																																																																																																																																															
RFC 2683 (draft-leiba-imap-implement-guide)	IMAP4 Implementation Recommendations	1999-09	RFC 2683 (Informational) Errata																																																																																																																																																																																																															
RFC 2971 (draft-showalter-imap-id)	IMAP4 ID extension	2000-10	RFC 2971 (Proposed Standard)																																																																																																																																																																																																															
RFC 3348 (draft-gahns-imap-child-mailbox)	The Internet Message Action Protocol (IMAP4) Child Mailbox Extension	2002-07	RFC 3348 (Informational) Errata	Ned Fre																																																																																																																																																																																																														
RFC 3501 (draft-crispin-imapv)	INTERNET MESSAGE ACCESS PROTOCOL - VERSION 4rev1	2003-03	RFC 3501 (Proposed Standard) Updated by RFC 4466 , RFC 4469 , RFC 4551 , RFC 5032 , RFC 5182 , RFC 5738 , RFC 6186 , RFC 6858 Errata	Ned Fre																																																																																																																																																																																																														
RFC 3502 (draft-crispin-imap-multiappend)	Internet Message Access Protocol (IMAP) - MULTIAPPEND Extension	2003-03	RFC 3502 (Proposed Standard) Updated by RFC 4466 , RFC 4469	Ned Fre																																																																																																																																																																																																														
RFC 3503 (draft-melnikov-imap-mdn)	Message Disposition Notification (MDN) profile for Internet Message Access Protocol (IMAP)	2003-03	RFC 3503 (Proposed Standard)	Ned Fre																																																																																																																																																																																																														

RFC 3516 (draft-nerenberg-imap-binary)	IMAP4 Binary Content Extension	2003-04	RFC 3516 (Proposed Standard) Updated by RFC 4466	Ned Fre
RFC 3691 (draft-melnikov-imap-unselect)	Internet Message Access Protocol (IMAP) UNSELECT command	2004-02	RFC 3691 (Proposed Standard)	Ned Fre
RFC 4314 (draft-ietf-imapext-2086upd)	IMAP4 Access Control List (ACL) Extension	2005-12	RFC 4314 (Proposed Standard) Errata	Scott H
RFC 4315 (draft-crispin-imap-rfc2359bis)	Internet Message Access Protocol (IMAP) - UIDPLUS extension	2005-12	RFC 4315 (Proposed Standard)	Scott H
RFC 4466 (draft-melnikov-imap-ext-abnf)	Collected Extensions to IMAP4 ABNF	2006-04	RFC 4466 (Proposed Standard) Updated by RFC 6237	Scott H
RFC 4467 (draft-ietf-lemonade-urlauth)	Internet Message Access Protocol (IMAP) - URLAUTH Extension	2006-05	RFC 4467 (Proposed Standard) Updated by RFC 5092 , RFC 5550	Ted Har
RFC 4469 (draft-ietf-lemonade-catenate)	Internet Message Access Protocol (IMAP) CATENATE Extension	2006-04	RFC 4469 (Proposed Standard) Updated by RFC 5550 Errata	Ted Har
RFC 4549 (draft-melnikov-imap-disc)	Synchronization Operations for Disconnected IMAP4 Clients	2006-06	RFC 4549 (Informational)	Ted Har
RFC 4551 (draft-ietf-imapext-condstore)	IMAP Extension for Conditional STORE Operation or Quick Flag Changes Resynchronization	2006-06	RFC 4551 (Proposed Standard) Errata	Lisa Du
RFC 4731 (draft-melnikov-imap-search-ret)	IMAP4 Extension to SEARCH Command for Controlling What Kind of Information Is Returned	2006-11	RFC 4731 (Proposed Standard)	Ted Har
RFC 4959 (draft-siemborski-imap-sasl-initial-response)	IMAP Extension for Simple Authentication and Security Layer (SASL) Initial Client Response	2007-09	RFC 4959 (Proposed Standard)	Chris N.
RFC 4978 (draft-ietf-lemonade-compress)	The IMAP COMPRESS Extension	2007-08	RFC 4978 (Proposed Standard) Errata	Chris N.
RFC 5032 (draft-ietf-lemonade-search-within)	WITHIN Search Extension to the IMAP Protocol	2007-09	RFC 5032 (Proposed Standard)	Chris N.
RFC 5092 (draft-ietf-lemonade-rfc2192bis)	IMAP URL Scheme	2007-11	RFC 5092 (Proposed Standard) Updated by RFC 5593 Errata	Lisa Du
RFC 5161 (draft-gulbrandsen-imap-enable)	The IMAP ENABLE Extension	2008-03	RFC 5161 (Proposed Standard)	Chris N.
RFC 5162 (draft-ietf-lemonade-reconnect-client)	IMAP4 Extensions for Quick Mailbox Resynchronization	2008-03	RFC 5162 (Proposed Standard) Errata	Chris N.
RFC 5182 (draft-melnikov-imap-search-res)	IMAP Extension for Referencing the Last SEARCH Result	2008-03	RFC 5182 (Proposed Standard)	Chris N.
RFC 5232 (draft-ietf-sieve-imapflags)	Sieve Email Filtering: Imap4flags Extension	2008-01	RFC 5232 (Proposed Standard)	Lisa Du
RFC 5255 (draft-ietf-imapext-i18n)	Internet Message Access Protocol Internationalization	2008-06	RFC 5255 (Proposed Standard)	Lisa Du
RFC 5256 (draft-ietf-imapext-sort)	Internet Message Access Protocol - SORT and THREAD Extensions	2008-06	RFC 5256 (Proposed Standard) Updated by RFC 5957	Lisa Du
RFC 5257 (draft-ietf-imapext-annotate)	Internet Message Access Protocol - ANNOTATE Extension	2008-06	RFC 5257 (Experimental) Errata	Lisa Du
RFC 5258 (draft-ietf-imapext-list-extensions)	Internet Message Access Protocol version 4 - LIST Command Extensions	2008-06	RFC 5258 (Proposed Standard)	Lisa Du
RFC 5267 (draft-cridland-imap-context)	Contexts for IMAP4	2008-07	RFC 5267 (Proposed Standard) Updated by RFC 5465	Chris N.
RFC 5464 (draft-daboo-imap-annotatetmore)	The IMAP METADATA Extension	2009-02	RFC 5464 (Proposed Standard) Errata	Chris N.
RFC 5465 (draft-ietf-lemonade-imap-notify)	The IMAP NOTIFY Extension	2009-02	RFC 5465 (Proposed Standard) Errata	Chris N.
RFC 5466 (draft-melnikov-imapext-filters)	IMAP4 Extension for Named Searches (Filters)	2009-02	RFC 5466 (Proposed Standard)	Chris N.
RFC 5490 (draft-melnikov-sieve-imapext-metadata)	The Sieve Mail-Filtering Language – Extensions for Checking Mailbox Status and Accessing Mailbox Metadata	2009-03	RFC 5490 (Proposed Standard)	Lisa Du
RFC 5530 (draft-gulbrandsen-imap-response-codes)	IMAP Response Codes	2009-05	RFC 5530 (Proposed Standard)	Chris N.
RFC 5593 (draft-ncook-urlauth-accessid)	Internet Message Access Protocol (IMAP) - URL Access Identifier Extension	2009-06	RFC 5593 (Proposed Standard)	Alexey
RFC 5738 (draft-ietf-eai-imap-utf8)	IMAP Support for UTF-8	2010-03	RFC 5738 (Experimental) Obsoleted by RFC 6855 Errata	Alexey
RFC 5788 (draft-melnikov-imap-keywords)	IMAP4 Keyword Registry	2010-03	RFC 5788 (Proposed Standard)	Lisa Du
RFC 5819 (draft-ietf-morg-status-in-list)	IMAP4 Extension for Returning STATUS Information in Extended LIST	2010-03	RFC 5819 (Proposed Standard) Errata	Lisa Du
RFC 5957 (draft-ietf-morg-sorteddisplay)	Display-Based Address Sorting for the IMAP4 SORT Extension	2010-07	RFC 5957 (Proposed Standard)	Alexey
RFC 6154 (draft-ietf-morg-list-specialuse)	IMAP LIST Extension for Special-Use Mailboxes	2011-03	RFC 6154 (Proposed Standard)	Alexey
RFC 6203 (draft-ietf-morg-fuzzy-search)	IMAP4 Extension for Fuzzy Search	2011-03	RFC 6203 (Proposed Standard)	Alexey
RFC 6237 (draft-ietf-morg-multimailbox-search)	IMAP4 Multimailbox SEARCH Extension	2011-05	RFC 6237 (Experimental)	Peter S.
RFC 6785 (draft-ietf-sieve-imap-sieve)	Support for Internet Message Access Protocol (IMAP) Events in Sieve	2012-11	RFC 6785 (Proposed Standard)	Pete Re

Internet-Drafts and RFCs

RFC 6851 (draft-ietf-imapmove-command)	Internet Message Access Protocol (IMAP) - MOVE Extension	2013-01	RFC 6851 (Proposed Standard)	Barry Le
RFC 6855 (draft-ietf-eai-5738bis)	IMAP Support for UTF-8	2013-03 new	RFC 6855 (Proposed Standard)	Barry Le
RFC 6857 (draft-ietf-eai-popimap-downgrade)	Post-Delivery Message Downgrading for Internationalized Email Messages	2013-03 new	RFC 6857 (Proposed Standard)	Pete Re
RFC 6858 (draft-ietf-eai-simplesdowngrade)	Simplified POP and IMAP Downgrading for Internationalized Email	2013-03 new	RFC 6858 (Proposed Standard)	Pete Re
