4
5 *possible* **GOALS:**

- 6
7 * Provide space for discussing sustainable tech topics
8 * Write BCOP documents
9 * Contribute to existing documents & wikipedia articles (on
topics of sustainable tech)
10 * Cooperate with academics on writing papers
11 * Prepare & give presentations at events
12 * Cooperate with similar working groups in RIPE, IETF, AMC
13 * Raise awareness of sustainable tech topics in tech
communities

14
15 The first thing to do is create a strategy document –
include things like mission, vision, goals (short, medium,
long-term), and suggested areas for impact.

16
17 I could put this together, but I'd need you to do a bit of a
brain dump to make sure I get it right. Questions to help
with this is:

- 18
19 1. What is the purpose of the task force?
20 2. Who are our audience?
21 3. How do we intend to reach them?
22 4. What does success look like?
23 5. If we can accomplish one thing in 3, 6, and 12
months, what would they be?
24 6. Do we require funding?
25 7. Why this task force, now?
26 8. Where do we want to be working?

34
35 inspiring volunteers for setting-up a "sustainability"
Working Group / Task Force within RIPE:

36
37 **WHAT:**

- 38 -> 3-5 people (minimum)
- 39 -> committed for 1 year (minimum) (or 3-5-7 years...)
- 40 -> 2 hours/week of work (on average)

- 48 * WG chair Volunteers would (eventually) need to fulfil these roles: <https://ftp.ripe.net/ripe/docs/ripe-692.pdf>

49
50 **GOALS:**

51 *((My suggestion for possible goals))*

52
53
54 Task Force:

- 55 * provide space at RIPE for discussing sustainable tech topics
- 56 * write one BCOP document
- 57 * work towards creation of Working Group

58
59 Working Group:

- 60 * raise awareness of sustainable tech topics at RIPE
- 61 * provide space at RIPE for discussing sustainable tech topics
- * serve as a place for other communities to express

62 themselves / join RIPE (on topics of sustainable tech)
63 * contribute to existing documents & write new documents (on
64 topics of sustainable tech)
65 (etc)

66
67
68 SHORT-TERM follow up on "e-impact": join events, lists /
69 groups & forums (6-6-2023)
70 (also in the other RIRs events)

71 If you would like to get more active regarding Climate
72 Justice in Tech, here are some *IMMEDIATE* activities in
73 which you can get involved :

74 * joining existing discussions on mailing lists & fora
75 * attending events : to give talks, or "only" to participate
76 * reading (and writing) publications

77 Mailing Lists & "groups"

78 * e-impact

116 Another Challenge: there is NO place to announce/follow the
117 Climate / Tech events !!

118 * in Berlin in 2022 we identified a need for a shared
119 calendar

120 * in March we had a small workshop about it:

121 https://wiki.techinc.nl/Open_Data_AI_Climate_Justice_Calendar#Project

122 * in July 2023 at TBD we formed a small team now working on
123 the "openmeetup" federated calendar of events ->

124 * Signal group

125 * Cryptpad

126 Past Events:

127 * THE DIGITAL GREEN SOCIETY Belgrade, Serbia, 14 - 16 May
